

Looking to Live in Community?

We are a small, Orthodox Christian, community located at 155 Broadview Ave (East Toronto). We are seeking to build a communal life that is structured around the reality of God's love in the midst of the city. Our life together is marked by the rhythms of prayer, study, liturgy, community life, and a variety of work motivated by a deep respect and love for the poor (our masters, as the early church reminds us). Some of our projects involve running a bakery, thrift store, visitor house, and creating spaces where people can exist without charge and come to discover their own value and mystery. All of this work is informed by an overarching attempt to live more deeply and boldly into the intoxicating vision of The Gospel and the Byzantine Liturgy. Applicants would need to be interested in learning about the Orthodox faith and willing to come and live with us for three months and participate fully in our life. Room and board can be provided.
